THE METEOROLOGICAL MAGAZINE

VOL. 100 NO. 1182 JANUARY 1971

CONTENTS

Page

A note on the average annual mean of daily earth temperature in the United Kingdom. R. W. Gloyne 1

Day-time temperature measurements on weather ship 'Weather Reporter'. C. K. Folland 6

A case study of the spectacular developments and movement of a February storm. R. M. Morris 14

Minimum temperatures at the surfaces of concrete roads and concrete slabs. G. E. Parrey, W. G. Ritchie and S. E. Virgo, O.B.E. 27

Notes and news

Meteorological Office awards to captains, first officers and navigators of civil aircraft 32

Obituary 32

NOTICES

It is requested that all books for review and communications for the Editor be addressed to the Director-General, Meteorological Office, London Road, Bracknell, Berkshire, RG12 2SZ, and marked 'for Meteorological Magazine.'

The responsibility for facts and opinions expressed in the signed articles and letters published in this magazine rests with their respective authors.

All inquiries relating to the insertion of advertisements in the Meteorological Magazine should be addressed to the Director of Publications, H.M. Stationery Office, Atlantic House, Holborn Viaduct, London E.C.1. (Telephone: 01-248 9876, extn 6098).

The Government accepts no responsibility for any of the statements in the advertisements appearing in this publication, and the inclusion of any particular advertisement is no guarantee that the goods advertised therein have received official approval.
